TYPE: "FABRIKA" FABRIC FOLDING DOOR

GENERAL DETAILS

A top hung vinyl concertina partition with an internal steel pantograph frame. All systems made to measure to suit dimensions and can be supplied either single wing, bi parting or with floating units. Option for floor supported in the absence of a suitable support fixing.

Width: Unlimited Height: Maximum 6000mm

CONSTRUCTION

The partition consists of an internal framework of electro-galvanised 6mm steel rods and nylon hinges at 1 metre centres.

FINISH

Fabric backed vinyl, available in 24 colours with a 5 year manufacturer's warranty. Fully washable and has been treated with a water based acrylic solution, giving an extra stain, mould, mildew, fungi and bacteria resistant finish.

FIRE RATING:

Class "O" and class "1" to BS476 is standard with the option for The Furniture and Furnishings (Fire) (Safety) Regulations 1988, Schedule 1, Part 1, when using ignition source 5 of BS5852:1982 Part 2.

PANEL WIDTHS

2 panel width options, wide stack at 410mm and narrow stack at 255mm

TRACK

SAA track – 33mm x 34mm.

ACOUSTIC RATING:

Type 100	15dB	8kgs per square metre
Type 200	24dB	11kgs per square metre
Type 300	31dB	16kgs per square metre
Type 400	35dB	21kgs per square metre

LOCKING

Magnetic latches are supplied as standard on all systems with option for a lock.
